M4 MicTrak System Software Version History

You can always download the latest system software for free on the web site shown below.

https://zoomcorp.com/

Version 1.20

・ **Release to fix the following issue in August 2023**
1. When audio files with marks added during playback were imported into, for example, audio editing software on a computer, the marks were not applied in some cases.

Version 1.10

・ **May 2023 release to add the functions and fix the issue below**
■ Functions added
1. A stereo linking function that handles audio from INPUT 1 and INPUT 2 as a stereo signal has been added.
2. A function that switches the left and right channel audio from the built-in XY mic has been added.
■ Fix the issue
1. Files created by normalizing and exporting could not be played by some apps.

Version 1.00

・ **Released as mass production in November 2022**
