# Q8n Control for iOS/iPadOS Version 1.0

Q8n Control for Android Version 1.0

Operation Manual

Contents

Introduction

Q8n Control is a remote control app designed specifically for the ZOOM Q8n-4K Handy Video Recorder ("the recorder" hereafter).
Recording, playback and other recorder operations can be conducted using this app on an iOS/iPadOS/Android device.
Note that this manual does not explain operation of the recorder itself. See the Q8n-4K Operation Manual for detailed information about all its functions.

Installing Q8n Control

iOS/iPadOS devices

1. **Open the App Store on the iOS/iPadOS device and search for "Q8n Control".**

2. **Tap "GET" on the Q8n Control screen.**

This will install Q8n Control on the device.

Android device

1. **Open the Google Play Store on the Android device and search for "Q8n Control".**

2. **Tap "INSTALL" on the Q8n Control screen.**
This will install Q8n Control on the device.

Connecting with the recorder

1. **Remove the REMOTE connector cover and connect a BTA-1 or other dedicated wireless adapter.**

**2.** **Press ⚙ × on the Recording Screen.**

The SETTINGS Screen appears.

3. Press on the **SETTINGS Screen.**

**4.** Press **"Connect".**

5. Launch the Q8n Control app on the iOS/iPadOS/Android device.

This opens a Bluetooth device list in Q8n Control.
6. **Tap the device name/ID on the iOS/iPadOS/Android device.**

BLUETOOTH DEVICES

Q8n-4K_C070A1E9 C27

This starts connection. When connection completes, "Connected" will appear on the recorder display.
7. **Press** ⚙ × **twice.**
This reopens to the Recording Screen.

> **NOTE**
>
> · If connection is not successful, move the device closer to the recorder or move both to a place where nothing interferes with radio waves and start Q8n Control again. Confirm also that the Bluetooth function and location of the iOS/iPadOS/Android device can be used.
