Version 2.00

・ Released as following function update and bug fix in December 2011
1. Added USB Audio Interface function.
2. The starting time is shortened.
3. Added the File Recovery function that restores broken data caused by power-off while recording.
4. Skip date/time setting menu after 10 seconds with no operation.
5. H1 freezes at the end of a recording in MP3 format in rare cases.
6. Some PC software can not recognize the mark created by H1.

Version 1.00

・ Released as mass production in July 2010
